

FAMILY DEVOTION

WINDOWS

“Open The Window”

“I Will Pray, Give, and Go!”

“And the Good News about the kingdom will be preached throughout the whole world, so that all nations will hear it...” – Matthew 24:14

Say:

Did you know there are many countries around the world where a window of opportunity to share Jesus's love is closed? This means that many people in these countries have not heard about the name of Jesus. Some people have tried to open the window, but so far, it is still closed.

There are different reasons why these windows are closed, but it is so important that everyone hears about Jesus because He loves them very much. So, what can we do? How can we help open the window so others can hear about His love?

We can do some special things to help open the window of opportunity - pray, give, and go!

Discuss:

- PRAY: We can talk to God and ask Him to help the people in these closed countries. When we pray, God listens, and He can work in amazing ways! Pick a time each day/week that your family can take a moment to pray for closed countries.
- GIVE: We can save our money or do some chores to give to missionaries. This helps them share the love of Jesus in places where it is hard to do it. How can we be sure to regularly give to missions? Can we do something fun as a family to raise money?
- GO: If we ever get a chance, we can go on a mission trip to help others learn about Jesus. Even sharing about Him with our friends is a great way to open the window of opportunity! Do you have any friends or family members you can share Jesus with? Have you ever felt like God was calling you to go to another place around the world to share Jesus?

Pray:

Pray for your family to open windows by praying, giving, and going. Pray that they would be willing to commit time and money to pray and give and that they would be intentional about sharing Jesus with those around them.
