WINDOWS

“When Windows Are Locked”

“Closed, Locked Windows DON’T STOP GOD!”

“Go into all the world and preach the Good News to everyone.”

– Mark 16:15

Say:

Many missionaries really want to go to different countries to share the love of Jesus, but sometimes they can’t get in to those countries because the window of opportunity is not only closed—it is locked!

Some countries have windows that are so locked that they won’t even let a missionary in. This makes it very hard for the missionaries to share about Jesus there.

So, what can we do? The missionaries need a miracle! They need Jesus to come and unlock the windows so they can share His name and His love.

Discuss:

- Can you imagine what it would be like if America was a closed country where we couldn’t speak of Jesus or worship God freely? How would that feel?

Pray:

Pray for the missionaries and followers of Jesus in the following closed countries - that God would unlock and open windows of opportunities for Jesus’s name and love to be shared around the nation. Use a map as you pray to show your children where each country is around the world.

- Eritrea
